GENERAL INFORMATION REGARDING REPLACEMENT REGISTRATION PLATES

- To replace a lost, stolen or defaced registration plate that is damaged, but not beyond recognition, complete and submit [MV-44, "Application for Duplicate Registration Card or Replacement of Lost, Stolen or Defaced Registration Plate."](#) along with a photograph or tracing of the registration plate for identification purposes. A registration plate is considered to be defaced when the registration plate is damaged by a specific incident such as a traffic accident, cutting, scraping or damaged caused by intense cleaning or harmful chemicals. There is a fee of \$13 to replace a defaced standard issue or specialty registration plate.
- To apply for a **free registration plate**, due to current plate being illegible, the vehicle owner should visit our website at www.dmv.pa.gov and take Form MV-46, "Application to Replace an Illegible Registration Plate," to any official Pennsylvania inspection station for verification that their registration plate is illegible OR have a law enforcement official verify the need for a replacement registration plate on Form MV-46. The vehicle owner is then responsible for signing and returning the completed Form MV-46 to PennDOT in order to receive a replacement registration plate free of charge. Your registration plate will be replaced with the next registration plate in the series and with the same style of registration plate you are replacing.
- To apply for a never received product, the vehicle owner should visit our website at www.dmv.pa.gov and complete Form MV-50, "Application for Replacement of a Never Received Product." By law, customers are entitled to a free reissuance of a product they never received if an application for a never received product is submitted within 90 days of the original issuance date. If a customer submits the application outside of the 90 days, the customer must submit \$2 for each never received registration card requested and \$13 for each never received registration plate requested, along with this application.
